WAKEFIELD POLICE DEPARTMENT**Report for year 1961**

Herewith a report of the Wakefield Police Dept. and its activities for the year 1961 and comparisons for the years 1960 and 1959. The reasons for the comparisons being that it is felt by me that the townspeople should be made more aware of the increased activities in all phases of police work and the need for a department that is able to take care of its responsibilities in a businesslike manner.

Wakefield, because of its geographic location, acts as a funnel, so to speak, for all the traffic along the middle-east border of New Hampshire. That is to say, traffic headed into the north country travels our highway No. 16. Traffic bound for Wolfeboro turns off at the Governor's Road or the intersection of Rte. 16 and 109 in Sanbornville. Traffic to Sanford take the turnoff at Blair's garage on the south end of the bypass or once again, the Jct. of Rtes. 16 and 109 in Sanbornville. There is also the traffic bound for Brookfield, Sanbornville, shores of East Lake, Lovell Lake, Province Lake, Pine River Pond, Sandy Pond, Balch Lake, as well as traffic to Newfield, Effingham, parts of Ossipee and many other areas.

In the past, it has been the consensus of opinion of the budget committee that the local dept. should not be called upon to work traffic, that it should be left to the State Police. It is my experience that the local dept. should be much more active in the traffic field due to the increased amount of vehicles on the highway. It is not unusual for one hundred forty thousand (140,000) to pass over Rte. 16 in Wakefield in a one month period. This figure is furnished by the State of New Hampshire and compiled with the

aid of their many traffic counters. With this thought in mind, it is hoped that the committee will seriously consider this problem in the near future, keeping in mind that ninety three motor vehicle complaints were taken care of in the past year.

In the ensuing report the criminal complaints speak for themselves. There are several alarming increases. Also, it should be noted that there is a great increase in the juvenile department. Many of these juvenile complaints should have been reported under the heading of criminal complaints but I always hesitate to do this, for obvious reasons. This is another field of police work which is on the increase all over the country and is fast becoming a serious problem.

The general complaints which are the sole responsibility of the local police have kept pretty well on a level with preceeding years. The cost of eighteen tramps which were housed overnight was a bit less than sixty dollars. If they had been taken to the county jail in Ossipee, which is the case in Wolfeboro, the cost would have been over one hundred fifty dollars. These travelers are our problem and must be taken care of overnight according to the law. It would seem that keeping the jail in operation is good judgment and should be continued.

Following is a summary of money expended and credit received.

Total available	\$3300 00
Total expended	2817 32
Refund from dances (credit)	338 00
Total cost to Town after refund	2479 32
Unexpended balance	820 68

Respectfully submitted,
ARNOLD H. WENTWORTH

GAFNEY LIBRARY, INC. REPORT FOR 1961

It is my pleasure as Librarian of Gafney Library, Inc., to make the annual report of its progress for the year of 1961.

While statistics do not always tell the whole story, they are nevertheless noteworthy. Our book circulation for the year was 8,396 volumes, made up of 2,494 of adult fiction; 1,852 of adult non-fiction; and 4,050 of children's books. During the month of August 1,000 books were circulated.

During the year we purchased 169 books; 34 adult non-fiction; 33 adult fiction; and 102 children's. In the last item are 41 books selected as the most outstanding children's books published in 1960, which were selected by a committee of national children's librarians. The purchase was made possible through the proceeds of a book sale conducted during the summer by the Nursery Mothers, under the leadership of Mrs. Luther A. MacBrien. Noteworthy also is the donation during the year of 189 books from 35 donors. Space does not permit us to list the names of these civic minded persons. An inventory of books in the Library made at the end of the year reveals that we have 1,332 adult fiction; 1,487 non-fiction; and 1,251 children's books, a total of 4,070. It is our ambition to bring this figure up to 5,000 to put it in line with the size of a library such as a community of our size should have.

During the year the Bookmobile delivered 1,045 books to the Library.

At our annual meeting held on September 11, 1961, the following officers and directors were elected

for 1962. President, Alfred Humphries; Vice President, Mary A. Garvin; Secretary, Walter R. Mohr; Treasurer, Alden N. Young. Directors, Esther D. Gasson and Adelaide R. Hughes.

During the year we had a membership of 62, a record high. This year we plan to double that figure. Space again does not permit the listing of the names of our members.

In accordance with our long range policy of creating greater readership, we made a start by stimulating the reading of our school children. The first step was to meet with our local school teachers, acquaint them with the Library facilities and services and to tell them of our plans. In the furtherance of our plans, we gave a prize to the winner of a Spelling Bee conducted by our local P. T. A. In observance of National Library Week, we provided appropriate decorative material for the class rooms and offered prizes to the school children for the best poster and best essay on the theme of the Week, "For a Richer, Fuller Life—Read." The poster prize was won by Jackie Ann Keating and the essay prize by Keith Talbert. During "Children's Book Week," the class rooms were again appropriately decorated and the children's section of the Library was arranged to simulate a tent at a "Book Fair." Books, especially bought for the "Fair" were on exhibit in several classifications and the school children were invited to the "Fair" to see the books and to indicate on cards, especially provided for the occasion, "Books I want to Read." 50% of our school children turned in such cards. Another feature of the week was a story telling hour for the children. 54 children attended and listened to a story told by Mrs. Luther A. MacBrien.

In 1962 we have under way plans for increasing

the interest of our Teen-age readers. A special collection of 84 books has been provided and will be in a special place for the readers. This collection has been given to us by the New Hampshire State Library, State Library Commission.

During the summer months we had a children's story hour with Mrs. Luther A. MacBrien as narrator. The sessions were well attended and we plan their repetition in 1962.

We continue with our regular bi-weekly delivery of books to the County Farm and also as requested, deliver books to the East Wakefield school.

During the year we had exhibits in the Library of Civil War memorabilia, of an authentic Boston newspaper published in 1774, describing the "Boston Massacre," and a special showing of books on career selection.

An innovation this year was the appointment of a "Book Selecting Committee" which met monthly and, under the guidance of competent book reviews and Librarians recommendations, selected new books. The selections have met with the hearty approvals of our readers.

After 35 years of faithful service, our roof gave out, and thanks to a Town appropriation, we had a new roofing put on. We are now enabled to give our attention to much needed interior painting and a doing over of the Library floor.

During the year the State Library published a report resulting from an intensive survey of all the Libraries in the State. Although our Library shows

up comparatively well for a community of our size, our Directors are making a careful study of its recommendations and will put into effect such as seem necessary for us.

A closing word. The running of a Town Library is not a perpetual motion machine. It is not something which just "is" and can be enjoyed and benefitted from. To run it requires first of all, enthusiasm, and then funds and work. The Directors of your Library supply the enthusiasm and work and, with the cooperation of the Town and our fellow members, funds. Never enough, to be sure, to enable us to do the many things we would like to do. However, what we want most, is the increased use of our Library by our fellow townsmen and your children. We live in an age when no one can know too much. We have knowledge in great store in the books of your library. We ask that you avail yourselves of them.

WAKEFIELD PUBLIC LIBRARY

Report for 1961

When I assumed the duties of Librarian in July the summer season had begun, bringing an increased number of borrowers. We appreciate our summer patrons and their gifts to the Library.

For the calendar year of 1961 total circulation numbered 958, of this number 619 were fiction and the remaining 339 were non-fiction. Magazine circulation has maintained its usual level.

Gifts of books and magazines have been received from: Norris Cate, Rev. and Mrs. Ernest Calvert, Miss Ivy Cranshaw, the Gafney Library (duplicates), Dr. Louise Paul Heck, Mrs. Herbert Johnson, Mrs. Sam Paul, Mr. and Mrs. Carlton Spencer, Miss Esther Tripp, Mrs. Ruth Tuttle, Mrs. Charles Witham. The Granite State News donates a year's subscription.

The Bookmobile makes six annual visits from the Exeter office with Mrs. Rachel Sanborn as Librarian. Many books are obtained directly from the State Library in Concord upon requests of patrons. These two services are invaluable to a small library.

Special appreciation is due Mrs. Guy Neily for time and service rendered as Trustee and Treasurer of our organization.

Your librarian attended a meeting in Rochester held for the evaluation and discussion of the report on the recent statewide library survey. She hopes to attend other scheduled group meetings for this area.

UNION FREE LIBRARY REPORT FOR 1961

Our library is open every Wednesday afternoon from 2:30 to 4:30.

We have at present 84 registered readers.

During the year we purchased 42 new books, and several books were given to us. The donors were Charlotte Morrill, Viola Hill, Alan and Alice Douglas. Thank you all very much!

The circulation for the year was 3,054.

We have an attractive new sign. Thanks to the Diprizio Co., who kindly gave the material for the sign and to Mr. Garratt for painting it so nicely as he certainly did a fine job. Thanks to you all!

We have, for circulation, four adult magazines and one child's magazine and one newspaper.

The Bookmobile left us eight hundred books during the year and these were all for circulation too.

Mrs. Sanborn and myself spent most of one day weeding out obsolete and worn out books. Mrs. Sanborn is the State Librarian.

Dennie Worster, the school bus driver, stops with the children each week so that they can get books from the library.

Children from three schools come to the library for books to read and also to get books for their school work too.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and citizens of Wakefield:

I submit my first report as Superintendent of Schools of Union No. 36. The following list indicates the administrative activities for the period from July 1, to December 31, 1961:

Teacher visits	339
Regular School Board Meetings	45
Special School Board Meetings	26
Speaking engagements	7
P. T. A. Meetings	8
Conventions & Conferences	5
Teachers meetings	7

During the school year 1960-61 the teachers in the Wakefield schools were:

Sanbornville

Paul School, grades 1 and 2 Mrs. Maxine Chadbourne
Primary, grades 3 and 4 Mrs. Frances Eastman
Primary, grades 5 and 6 Mrs. Beatrice Wendell
Grammar, 6 and 7 Mr. William Logue
Grammar, grade 8 Mr. Daniel Coffey

Union

Primary grades 1 to 4 Mrs. Violet Hobbs
Grammar, grades 5 to 8 Mrs. Mary Waugh
East Wakefield grades 1 to 7 Mrs. Edith S. H. Horne

In September of the current year Mrs. Chad-

bourne returned to her position at the Paul School. Mrs. Eastman returned to her position at the Primary School and Miss Mary Boyd succeeded Mrs. Beatrice Wendell in grades 5 and 6. Mrs. Ella McKenna succeeded Mr. William Logue in grade 7 and Mr. Delwin Libby succeeded Mr. Daniel Coffey in grade 8. At the Union School Mrs. Hobbs returned to her position in grades 1-4, and Mr. Kenneth Beaupre succeeded Mrs. Mary Waugh in grades 6-8. Mrs. Horne returned to her position at the East Wakefield School teaching grades 1-7.

During the summer recess the Primary School was painted on the outside. The ceiling, and floors of the Grammar School were repaired and painted and the classrooms were painted.

Guidance

The objective of a guidance program cannot be satisfactorily achieved unless all teachers are conscious of those objectives and strive toward that end. The role of the classroom teacher in the guidance program is an indispensable one. In every subject there are common and unique possibilities for contributing to the objectives of the guidance program. Guidance should be an outcome of all teaching activities.

Cumulative Records

The guidance program is dependent upon an adequate knowledge of the individual. In our schools there is a cumulative record for each pupil. Guidance information is entered under the following headings.

1. Personal data
2. Family and community background
3. Scholastic record

4. Health Record
5. Objective test results
6. Character ratings
7. School activities and interests
8. Entrance and withdrawal record

The objective is to construct a growing, permanent record of valid information which will accompany each child throughout his school life.

The cumulative record kept up to date furnishes information which will be invaluable in making pupil adjustments. Principals and teachers find its greatest value in determining status and growth in the child's general and specific area development, in planning *new programs* and grade placement.

The task facing the leaders of education is to so organize and administer our educational institutions that the best interest of every individual will be served and that this process will, at the same time, contribute to the fundamental quality of our culture and add strength to our national character. We must make sure that the maximum cultivation of the individual's intellectual, moral, artistic, and spiritual capacity that makes of him a free person yields also the protection and perpetuation of those institutions that are essential to a free society.

Like so many other departments of our society and culture, our educational establishment at many points is comfortable and soft. At times we have been far too willing to entertain and to tolerate when we should have disciplined, directed, and inspired—inspired by great teaching, of the type that moves the mind to a love of knowledge and to an insatiable demand to possess and to create it, directed by wisdom that grasps the proper ends of learning; and disci-

plined by that internal discipline whereby a moral person orders his life, determines the means appropriate to his ends, and achieves a proper integration of his intellect and affections.

The schools of Wakefield are an investment in people and represent a significant part of our vast heritage which we Americans enjoy. One of the fundamental and most vital parts of our governmental structure is the guarantee of free, public and universal education locally administered. It is my sincere hope that the citizens of Wakefield will continue their support of this created obligation.

Realizing the many challenges with which the American people are faced today, I would like to urge the citizens of Wakefield to keep working hard to improve their school system, because I think that we all must realize more than ever before that the foundation of our domestic society is built upon the education of its children.

I feel that the year which has elapsed has been one of progress. Whatever gains have been made have been the result of the cooperation of members of the School Board, school personnel and parents. For this cooperation I wish to express sincere acknowledgment.

Respectfully submitted,
ALFRED W. THOMAS
Superintendent of Schools
